Professional Profile

Fourth-year B.Arch student at DC School of Architecture & Design, drawn to spatial design and visual storytelling. Her process moves through research, observation and experimentation, with growing fluency in BIM, 3D modelling and visualization (Revit, AutoCAD, SketchUp, D5 Render, Enscape). Seeking to contribute to a design team while gaining practical experience in architectural projects.

Architectural Projects

Residential Design — *Residence*

- Designed a contemporary residence that balances functionality, privacy and natural lighting, using thoughtful spatial planning to connect indoor and outdoor living.

Community Centre – Geodesic Dome Structure — *Channapatna, Karnataka*

- Developed a geodesic dome community space that pairs geometric form with structural efficiency, creating a distinctive setting for gathering that responds to the cultural context of Channapatna.

100-Bed Maternity and Child Care Hospital — *Palitana, Gujarat*

- Designed a patient-centred hospital for mothers and children, linking spatial planning, circulation and a distinctive façade system to support efficient operations and patient comfort.

Sports Campus — *Willingdon Island, Kochi*

- Planned a sports campus around the concept of *Flow of Movement*, integrating sports, education, accommodation .

Container Café — *Adaptive Reuse*

- Reimagined shipping containers as a contemporary café, using modular construction .

Education

DC School of Architecture & Design, DCSMAT Institutions — *2023 – 2028*
Bachelor of Architecture (B.Arch), currently in fourth year — Vagamon, Kerala

Alpha Genius Integrated School — *2021 – 2023*
Higher Secondary Education — Alappuzha, Kerala

Experience & Professional Exposure

Architectural Design Assistance – Ar. Shan Samuel — *2026*
Beach House Design — Calicut, Kerala

- Assisted a practising architect on a beach house design, gaining exposure to professional design practice and project coordination.

Content Creator — *2025 – Present*
vivid voyzah

- Creates visual and video content, combining videography and editing skills with an architectural sense of storytelling.

Attendee – NASA India Trophies (GRIHA, ANDC, WAT, MSL) — *2024 – 2026*
Competition & Exposure

- Attended multiple trophies across 2024–2026, gaining exposure to national-level student design work, juries and peer projects.

Volunteer – Kerala Literature Festival — *2023 – 2024*
Event Volunteering — Calicut, Kerala

- Supported event operations and interacted with visitors and organizers at the festival.

Technical Skills

BIM & Drafting: Revit, AutoCAD
3D & Rendering: SketchUp, D5 Render, Enscape , Rhino
Graphics & Video: Photoshop, InDesign, Canva, DaVinci Resolve

Soft Skills

Communication | Teamwork | Creativity | Time Management | Problem Solving | Adaptability

Workshops & Training

- **BIM Professional Course for Architects** – Novatr (2025–2026): BIM documentation and coordination workflows.
- **NASA India Insider Workshop** – Monsoon Collective, Kochi (2026).
- **Earth and Clay Modelling Workshop** – Ramesh Nair, Urviosa, Thiruvananthapuram (2023).

Achievements

- **First Prize, 30-hour Creativecon** – conducted by Kalasalingam University (2025–2026).
- **Coordinator, 68th NASA India YouTube Committee** (2025–2026).

Languages

English, Malayalam, Hindi (Fluent) | Tamil (Conversational)
